

# Voices of Mackellar

*For locals, by locals*

People all over the Mackellar electorate are finally being heard in a ground-breaking community project designed to document the values, views and concerns of people living in this unique community.

*Be a part of your  
Community's Future*

# MAKE YOUR VOICE COUNT

Voices of Mackellar is a community based organisation running respectful small group consultation sessions called Kitchen Table Conversations (KTCs).

KTCs are facilitated by a host from our friendly team for groups of 6-10 locals.

The conversation takes about an hour and your responses are collated anonymously into *The Voices of Mackellar Report*.

Don't miss out on having your concerns documented and raised with all candidates seeking selection for Mackellar at the next Federal election.

We welcome all residents eligible to vote in Mackellar to **Register Now** for a KTC near you!
